

Card Appearance

Effect: The Magician has a spectator choose a card, then tells him/her to place the 4th card from the bottom. The magician then call's attention to each card from the bottom 1-4 and the spectator will say that's not his/her card. Then he uses the 4 cards left over and goes through them asking if any of those cards are his/hers. Then the spectator makes a fist the the magician put the 4 card's in it and hits the cards then the card is in the spectators hand.

Method: Shuffle the deck good. Then have a spectator choose a card. Tell him/her it will be the 1-2-3 4th card from the bottom and deal three card on the table and place the chosen card on top of those. Then put those 4 cards on the bottom of the rest of the deck.

Now square up the deck and put them in your right hand and show the bottom card to the spectator ask if this is there card. They will say no put it on the table and put the second card on top. Now here's the secret ask if that card is there card when you turn the pack face down execute the Glide and place the that card on the table which is there card then say here's your card and place it on top do it until you have 4 cards on the table.

Now put the rest of the pack some were that the spectator think you can't touch it. Now take the four cards and put them face down in your hand. Then show them the first card and say is this your card? They will say no. Do the Glide once more and place it on the table. Go through until you have four cards on the table again.

Now tell them to make a fist, then place the four cards in between the first and second finger. Then hit the cards and then turn there hand up and they will be amazed that there card is in there hand!
